JUNE 2016

BIG EVENTS

Bridgewire is having a BBQ PARTY!!! on **Tuesday June 14th at 6pm**. We want to celebrate the changes to the shop with the members of Bridgewire. This Party is a Preview of the Bridgewire Rebirth. Come take a look at all the changes in the shop, eat, drink, and visit with fellow members.

The **Reno Mini Maker Faire** will be **Saturday July 9th** in Idlewild Park. You can now learn more and apply to exhibit at the maker faire with this LINK Hurry the deadline is June 10th. We are looking for volunteers to help in the Bridgewire booth.

THE BOARD DECISIONS

The Board has approved several signs and revised documents proposed by the Facility Committee. You will soon see these signs in the shop. If you have any questions ask an officer.

The board has also approved the purchase of additional and replacement lighting for the main shop. This will eliminate any dim or dark areas of the shop.

FACILITY HAPPENINGS

The **Electronics Lab** has been expanded and is being organized. Here is a picture of the new layout. We now have room for classes and space for people to work on projects. If you want to help organize, please contact Tony Badzioch.

The **Welding Shop** has been expanded and is mostly organized. The welding area is more spacious and has enough room for multiple people. We flipfloped the welding and forge areas.

We have scheduled Facility Planning meetings every 2 weeks throughout I summer. Check the agendas a few days before each meeting on the calendar to see if you would like to participate in shaping the shop.

CLICK on Calendars to go to Bridgewire Calendar with interactive event details.
